

eCheck-in

Save time and convenience! Check-in for your upcoming doctor's appointment from our website or desktop. To use eCheck-in, you must have a Weill Cornell Connect account.

To sign up for Connect, you will need an activation code after our office or you can sign up online at:

<https://bit.ly/WCMConnect>

What is eCheck-In?

eCheck-in is a fast and convenient way to reduce your wait time. We streamline existing features within Weill Cornell Connect and help reduce paper usage during the check-in process.

With eCheck-In, you can quickly and safely retrieve and purchase:

- address and contact information
- active insurance coverages
- medications
- pharmacies
- allergies
- current health issues
- past outstanding balances from previous visits

Access eCheck-In

Execute your check-in process by following these simple steps:

1. You will receive an e-mail notification before your scheduled appointment to complete eCheck-In. Click on the link to Weill Cornell Connect from the e-mail notification to log in.

The screenshot shows the Weill Cornell Connect eCheck-in interface. At the top left, it says "Welcome!". Below that, there are two notification cards: one for appointment instructions on Monday, December 9, 2019, with Brett Jared Elmhurst, MD, and another for unread messages (10 new messages). The "To Do" section features a "Follow Up Visit with Brett Jared Elmhurst, MD" card with a calendar view showing the visit on Monday, December 10, 2019, at 12:10 PM. The calendar grid shows dates from 1 to 28. On the right side, there is a "Quick Links" menu with options: View test results, Send a message to doctor's office, Schedule an appointment, Refill medications, Review health summary, View billing summary, and Share your record.

2. After logging in, you will be brought directly to the eCheck-In screen. Click on the "eCheck-In" button to start the process of providing information prior to your visit.
- Note: you may see different requirements for each individual appointment, since you will not be asked to provide/verify certain items that have already been verified in a certain time period.

You will then be prompted to provide the following information prior to your visit:

- Demographics
- Insurance
- Medications
- Allergies
- Current Health Issues
- Past Medical History
- Documents

Once completed, you can click "Continue" on each screen to move forward in the check-in process.

4. Once all steps are completed, you can click on "Submit" and you will get a confirmation that eCheck-In is complete.
